EDUCATION

Poornima Institute of Engineering and Technology (PIET), Jaipur

2023 – 2027

BTECH in Computer Science | CGPA: 7.50

EXPERIENCE

UI/UX Designer | EUONUS IT PRIVATE LIMITED

June – July, 2025

- Designed a Food Delivery Mobile App UI in Figma with user-friendly and intuitive UX
- Created end-to-end flows including onboarding, browsing, cart, and checkout
- Built a scalable design system with reusable components and consistent styling
- Implemented features like search, filters, and real-time order tracking for better usability

Frontend Developer Intern | QDOM Technologies

June, 2024

- Designed and developed a responsive electric car e-commerce website using HTML, CSS, and JavaScript
- Implemented clean UI layouts and optimized styling to improve user experience and page performance
- Strengthened understanding of responsive design principles and client-side scripting

PROJECTS

Driver Behavior Monitoring System 🧠 | Arduino, IoT, Embedded C, Sensors

2023

- Built real-time multi-sensor system (accelerometer, pulse, ultrasonic, sound) for driver health, behaviour & environment monitoring with GSM/GPS alerts, haptic feedback & OLED display
- Integrated AI-based facial detection (OpenCV/ML) for drowsiness & distraction detection

Car Rental Management System 🧠 | HTML, CSS, JavaScript

2024

- Built a responsive car rental platform with booking and availability tracking
- Designed clean UI for smooth car selection and rental management

Food Delivery App (UI/UX Case Study) 🧠 | Figma

2024

- Designed a complete food delivery app UI in Figma with end-to-end user flows
- Built high-fidelity, user-friendly prototypes with clean and consistent design

Student Ease Android App 🧠 | Android Studio

2026

- Designed a complete food delivery app UI in Figma with end-to-end user flows

SKILLS

Languages: C, C++, Java, Python, JavaScript, Typescript

Frontend: React.js, Vite, Bootstrap, HTML5, CSS3, Responsive Design

DS Languages: Python (NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn), SQL, R (basics)

ML / AI: Machine Learning, Supervised & Unsupervised Learning, OpenCV, AI-based Facial Detection, Feature Engineering

Tools: VS Code, IntelliJ IDEA, Spyder, Arduino IDE, Android Studio, Postman (API Testing), Canva, Figma, Photoshop, Antigravity

Soft Skills: Public Speaking, Teamwork, Leadership, Volunteering

ACHIEVEMENTS & CERTIFICATIONS 🧠

- PARTICIPATION: AICTE IDEA Lab Tech Fest
- Completed Alpha DSA (Java) course, gaining strong problem-solving and data structures expertise.
- NPTEL Silver Medallist: Fundamentals of OOP (C++, Java, Python)
- NPTEL Certified: Entrepreneurship
- NPTEL Certified: German Language

EXTRACURRICULAR ACTIVITIES

- Badminton Player – District-level participant, medallist in school & college tournaments
- Member, RAJASTHAN JAWA JEZDI CLUB
